REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: After reconsidering the claims in view of the prior art rejections made in the Non-Final Rejection mailed 06/01/2007, the Examiner has determined that the prior art of record is not capable of performing the functions required by claim 1.

Specifically, none of the prior art of record is capable of causing swiveling of said swivel off the key on the deployment device and orientation of the swivel substantially perpendicular to said second length of string upon pulling on said second length of string while also being capable of causing said swivel to be oriented substantially coaxial to said first length of string upon pulling of said first length of string.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
